Boston Thursday June 17th. 1830.

Dear Bro. Phelps,

Have only time to say that I rejoice exceedingly in the result at Hopkinton. Be prudent, treat those who did not vote for you with attention & kindness, keep your eyes & ears open, & your heart warm, and your tongue under good regulations, and all will go well. For your conduct hitherto, you are entitled to the warm approbation of your Christian brethren.

For the other brother whom you expect, a place will, I doubt not, be provided. Mr. Turner has been at Bradford two Sabbaths, & Mr. Roady will have been there two, after the next. Then he goes to Millbury, & Bradford will be destitute, - a good place for whoever may come.

Remember me affectionately to Mr. Howe & family
Yours &c. Enock Roady
